

RESULTS SPINEXPO™ PARIS

CITE DE LA MODE ET DU DESIGN

6-7 FEBRUARY 2018

OUR THIRD SESSION OF SPINEXPO™ PARIS AND THE FIRST SPRING/SUMMER SESSION, TOOK PLACE FROM 6TH-7TH FEBRUARY 2018 AT THE CITÉ DE LA MODE ET DU DESIGN, HOSTING 53 COMPANIES, OF WHICH 30 SPINNERS AND 23 KNITWEAR MANUFACTURERS SHOWCASED A WEALTH OF FRESH AND INNOVATIVE PRODUCT.

Despite Paris feeling the force of mother nature from floods to snow storms, and in spite of warnings from the City Municipality to “stay at home”, SPINEXPO™ was open for business as usual with 496 visitors representing 260 companies. Even though the challenging conditions caused a 30% decrease in expected numbers, both visitors and suppliers were in good spirits and it seemed that the challenges created a positive energy. As they say in ancient China “Good snow predicts future good business”.

Having evolved and adapted to a 2-day format, SPINEXPO™ Paris seems to match the needs and expectations of visitors and suppliers. SPINEXPO™ Paris is a “boutique show” and a BtoB focused event with a good balance between supply and demand, a place where discussions and research take place in a quiet and pleasant atmosphere, something that has been highlighted by exhibitors and visitors alike.

A YARN & KNITWEAR EVENT NOT TO BE MISSED!

RESULTS SPINEXPO™ PARIS

6-7 FEBRUARY 2018

Buyers and visitors represent a wide range of industry sectors, coming from couture, chain and department stores and both active and sportswear brands. Most of who are inspired predominantly by our knitwear, but we are also seeing interest in our offerings in weaving, footwear and hosiery.

As a core value of SPINEXPO™ we always aim to inspire and this was reflected at Paris with the trend area featuring front & centre as a hub through which visitors entered and gained their initial experience of the shows' essence. Having the freedom to photograph, meet with designers and engage directly with the colours and seasonal trends, then heading into the show informed and inspired. This was further enhanced by a special presentation by Cecile Fleichenfeldt titled "no summer without a hat", a sculptural feast for the eyes and inspiration for the creative senses, completed this area and offered an amusing take on how hats can be transformed into total looks.
