TRENDS DISPLAY AT THE SHOWS

We have revised our AW 2021-22 trends since the surge of Covid-19,
and will reveal the new directions shortly.

However, what we had prepared prior to this pandemic is still valid
and we decided to reveal these trends ahead of the confirmed exhibitions.

Enjoy!

TRENDS DISPLAY AT THE SHOWS

Autumn/Winter 2021

WE START WITH OUR FIRST DIRECTION

*The focus is on ethical, organic, unprocessed, authentic yarns
in an assembly of unusual colours.*

Cosy and warm for this direction – clay, wood and earth-inspired.

Sophisticated craft is applied here, with reworked, visible repairs, hand-dyed, plant-based.

*Patterns and prints: cables, asymmetry, ribbed structures;
organic, woody stripes and patterns, primitive small decorations.*
