Focus on exhibitors' products UPW

Adapting to future products directions

UPW is amongst the largest woolen spinners in the world, specializing in design-led, sustainable yarns. The collection comprises of woolen-spun, semi-worsted and fancy twisted yarns offered in 3000+ colours, all held in stock and available on-demand for fast sampling.

UPW continually searches for innovative technologies and materials that enable the spinning mill to be a clean manufacturer, early adopter, and industry leader in sustainable spinning.

FALL WINTER 2022 COLLECTION

ECO PLUS CERTIFIED provides the highest level of assurance that knitwear made from UPW's yarn collection is sourced responsibly, meeting the industries benchmarks.

The entire series can be traced back to UPW's dyeing and spinning mills. Every UPW stock yarn comes with a DNA tracer that can ensure the authenticity of the yarn in the garment.

UPW ECO Plus+ scales the adoption of premium certified raw materials, 100% sustainable cotton, 100% responsible wool, a collection 100% traceable back to the country of origin. The Fall Winter 2022 collection marks the launch of the ECO PLUS CERTIFIED Collection, with all raw materials certified by third party organizations such as Textile Exchange, Control Union, and OEKO-TEX.

Highlight on the collection:

Sublime Eco, is a 50% yak / 50% extrafine merino wool, extremely warm and comfortable; RWS and Shokay testified

Mirage Eco, 55% RWS wool / 45% organic cotton, a mix of natural, smooth and delicate feel; RWS testified

Nouvelle Eco, 5% cashmere/ 95% organic cotton, a very sustainable yarn widely used, has the freshness of cotton and the softness of cashmere, proposed in a wide range of colours; BCI testified

WE LOOK FORWARD TO SEEING YOU THERE !
