## SPINEXPO™ SHANGHAI

IS A TRADE FAIR SPECIALISING  
IN THE SPINNING AND KNITTING INDUSTRY

11-12-13 APRIL 2022

**SPINEXPO™ invites you to discover during two days,  
in preview, the Spring/Summer 2023 collections  
of a selection of 20 spinning mills and knitwear manufacturers  
of international renown, through the agents of these exhibitors.**

These are simple presentations,  
based on the "B2B" model in an intimate space.  
The aim of this presentation is to allow a real exchange between  
supplier and buyer, in a professional context, far from the virtual.

Discover Trends Spring Summer 2023

*Our third trend story speaks of « Empowerment » and the shift of people's behaviours and consumers who prioritize physical, mental health and wellbeing. Faced with uncertain times, focusing on oneself and one's own environment is fitting the desire to recovery and rebirth. We seek stability and take refuge in classic products that have been updated to optimum quality. We want classics that last, and all eco friendly fibres take centre stage.*

*We aim at yarns with a soft, natural touch, textured, high performance, spandex oriented, cotton blends and high performance merino. New fibres developments, new techniques, anything technological is welcome here, lightweight, with an organic feel.*
