BRUSHED YARNS

HUBO

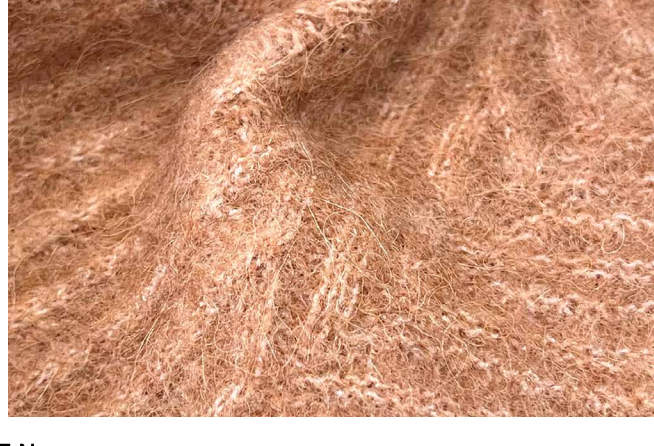

HNW 23017

1 / 2.7 Nm - 74%Polylana® Polyester - 22% Nylon - 4% Polyester

This yarn is made using a new sustainable fiber of Polyana® Polyester, which is a green substitution of Acrylic. The yarn is puffy and textural, with the ability to dye vibrant, rich and joyous colours.

TOPLINE

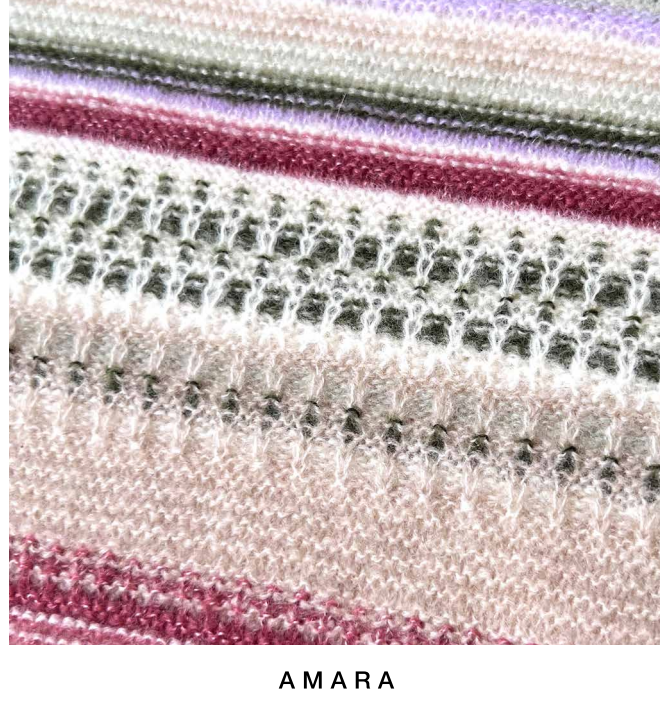

ASPEN

Nm 13000 - 32µ Superfine Alpaca - 32% Extrafine Merino Wool - 30% Polyamide Fiber - 6% Elastan

Premium superfine alpaca and superfine merino wool give the knit a luxurious feel and a smooth finish.

Subtle stretch adds comfort and creates a soft feel. The brushed effect upgrades the youthful look of the fabric and can be used in silhouette garments for a luxurious and comfortable feel.

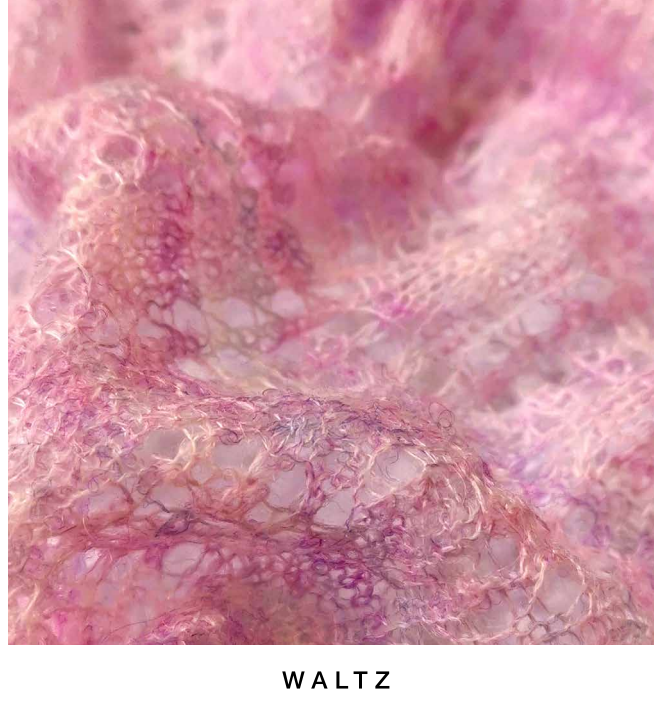

AMARA

Nm 12000 - 75% Cashmere - 25% Filament silk

Using precious white silk as the medium, the brushed yarn is decorated with pure natural fibers made of soft cashmere, showing the softness of cashmere and the smoothness of filament silk. There is a faint flash of light, shining but not dazzling, low-key yet luxurious.

The simple and beautiful lines are connected with the inner natural space.

WALTZ

Nm 35000 - 27% Super Kid Mohair

21% Extrafine Merino Wool - 52%Polyamide Fiber

This extra-fine brushed yarn is made of 24.5 µm top-quality mohair from South Africa. It feels smooth and delicate, as thin as a veil, light and soft, transparent and impervious, and the thinnest can be used for 16GG weaving. The silky dazzling mohair floats on the surface of the exquisite yarn, very much like a dandelion, with a hazy feeling of seeing flowers in the fog.

GTHS HUASHENG

GTHS01900

1/12 Nm - 69% Recycled Polyester - 28% Nylon - 3% Spandex

This peach yarn is super soft and fluffy, delicate cashmere-like hand feeling and the competitive price make it stand out among those items. The yarn is suitable for the versatile and casual home styles.

M.ORO

LITHE - BRUSHED CASHMERE SERIES

2/27 Nm - 100% cashmere

M.ORO selects the finest fibers from extraordinary quality of cashmere raw materials, so that after washing and brushing process, it makes the cashmere yarn feel silky and soft.

UPW

SHEPHERD+

1/14 Nm or 2/14 Nm

80% RWS woo - 20% Recycled Nylon

One of UPW most popular yarns, skillfully crafted in top quality RWS wool with a touch of recycled nylon for added softness and performance. Rich in colour and excellent in quality, exists in 96 colours for Genuine Stock Support® service.

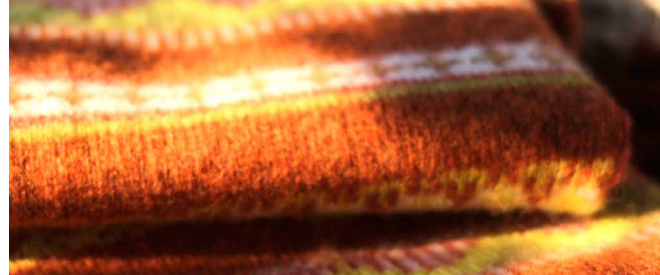

SUPERB+

2/16 Nm - 55% RWS Superfine Merino Wool

20% Organic Cotton - 25% Recycled Nylon

A beautiful blend of RWS superfine merino with organic cotton and recycling nylon, bringing a wonderfully soft and comfortable hand feel, with all the warmth of the wool and the freshness of the cotton. This is one of the most favorable yarn for all size brands and retailers with 72 colours for stock service with no minimum order.

LANIFICIO DELL'OLIVO

CHANCE

52% Organic Cotton - 37% Polyamide

8% Recycled Polyamide - 3% Elastane - GG5 Nm 9000

LAP0

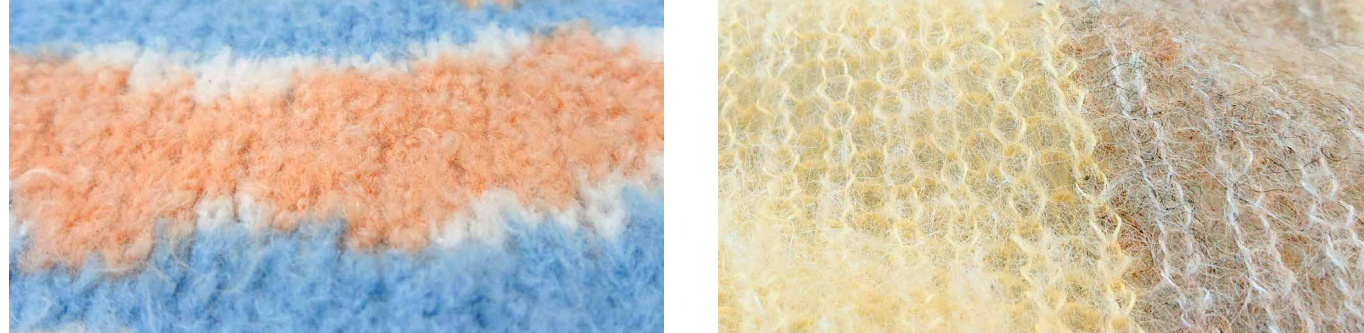

32% Baby Alpaca - 27% Merino Wool - 41% Polyamide - GG 3 Nm 4500

Fluffy, light and soft yarn that enhances the characteristics of the naturally warm baby alpaca fleece.

Solid colours available. 36 available colours, 5 colours for sampling, 5 stock service colours.

Certified RWS, RAS, Alpaca Blend Mark.

XINFANG

XFAW 1166

1/3.6 Nm - 45% Acrylic - 40% Recycled Polyester - 10% Nylon - 5% Wool

This group of yarns are fluffy and lightweight gradient air-spun yarns. The special characteristic is plump, thick and shows a strong velvety feel that brings a different experience to cold winter.
