DO not forget ID and your business card!

### FOCUS ON EXHIBITORS' BEST SELLERS.

#### YANA present 5 key items:

##### AWAKEN

1/34 Nm, 70% Rayon 30% Polyamide  
Awaken series is a textured yarn made of high-quality viscose yarn and nylon fiber through a special fancy twisting process.

The special structure produced by the entanglement between the decorative thread and the core thread, is a way of very lively expression.

##### KRORAN

3/120 Nm, 73% NAIA Acetate, 27% Polyamide  
The Kroran series is produced from NAIA: degradable cellulose filament, which is the most environmentally friendly type of fiber choice in the market. In a fully traceable and sustainable production process, all solvents in production are recycled. YANA uses NAIA fibers and high-quality polyamide high-elastic filaments to create a group of Kroran styles with full luster and smooth touch through multiple high-twist composite processes, adding a more environmentally friendly choice to high-quality fashion.

#### YANA

YANA is a leading manufacturer of high-end spring and summer yarns. The company has a leading advantage in the application of highly elastic yarns, with an annual production of over 2,000 tons of high-end spring and summer yarns such as Elite.

Yana aims to become the most professional company in the field of S/S yarns through continuous innovation. YANA use high-quality materials to create cutting-edge fashion for all fashion lovers.

##### MORUS 1/12 Nm, 100% Polyamide

The MORUS series is a textured yarn made of especially soft-treated polyamide fibers through complex multiple fancy twisting processes.

While keeping the fabric skin-friendly and breathable, it can also make it extremely soft and comfortable to the touch. Like the warmth of a cute animal hug, like the gentlest dream that you don't want to wake up, MORUS is the knitting style you dreamed of.

##### SAPPHIRE

1/54 Nm, 36% Silk-feel Polyester, 64% Cotton

The Sapphire series takes the meaning to represent this style of yarn, which is firm yet gentle. The yarn made of high-quality strong-twisted cotton through double-coating process, combined with the special treatment process of «silky polyester», it has excellent hand feel and texture.

Sapphire's beauty combines rigidity and softness, and can create unique fashion knitting.

##### ELITE WOOL

2/80 Nm, 22% Wool, 18% Elite, 60% Rayon

Elite Wool series is a combination of Elite elastic fiber imported from Europe and high-quality ultra-fine wool fiber. The rebound performance is four times that of nylon, making the knitwear fluffy and skin-friendly. Warm and breathable, comfortable and elegant, it is the perfect choice for vibrant and high-quality autumn and winter fabrics.

#### JIANGSU GTIG ESEN

JIANGSU GTIG ESEN is a dynamic company with an efficient, young and talented team.

The company has obtained several certifications, such as GOTS, OCS, GRS, RCS, RWS.

**For the new collection, the company has launched green, healthy and natural products such as:**

##### ESEN 20230121

1/5.7 Nm, 80% BCI Cotton, 20% Nylon

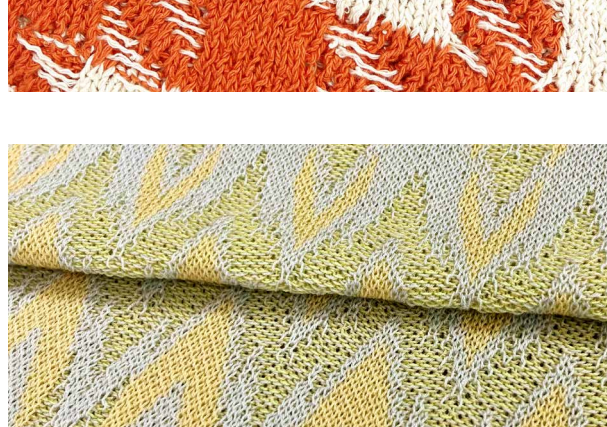

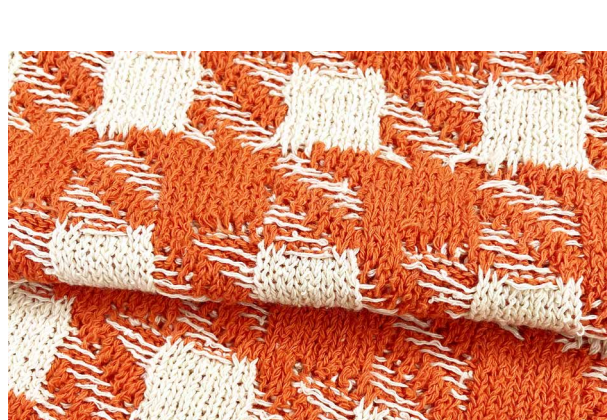

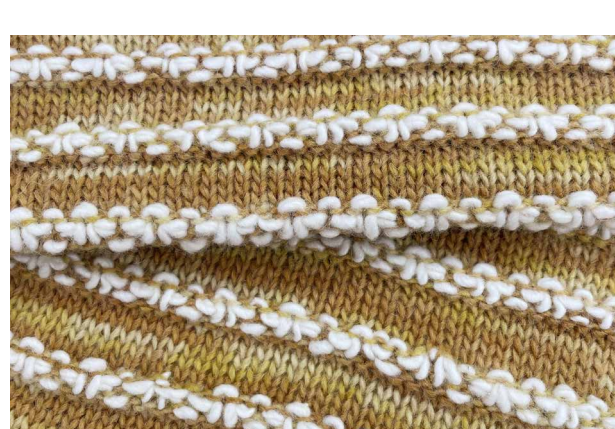

This is a T/T yarn containing 80% BCI cotton. The bending effect of the yarn makes the texture more three-dimensional and concave and convex, dry handling, not easy to pilling, suitable for the light coat style of spring and summer, and also suitable for men's clothing.

##### ESEN 20230137

2/26 Nm, 35% Acrylic, 49% Nylon,

10% RWS Wool, 6% Cashmere

A cashmere blend yarn suitable for wearing in the changing weather of early spring, soft and waxy to the touch, and skin care. The mix of different colors gives a rich effect. It has a sense of hierarchy. Suitable for a strong design style.

##### ESEN 20230260

3/85 Nm, 70% Tencel, 25% BCI Cotton, 5% Silk

A spring/summer yarn, soft and smooth to the touch, with very good drape and air permeability, pleasant to wear bringing a fresh feeling.

The fabric has some sheen, perfect for spring and summer.

##### ESEN 20230148-2

1/3.7 Nm, 100% Mercerized cotton

A tape yarn containing 100% mercerized cotton. The yarn is very delicate, making the surface of the fabric smooth and crisp with a good hanging feel. Perfect for intricate hole patterns, for spring and summer styles.

##### ESEN 20230252 21S/1

75% RCA Acrylic, 25% Asiatic wormwood

This product contains 25% wormwood fiber.

The natural herbs have functions such as deodorant and antibacterial, the fabric is soft to wear, very suitable for summer sweater style.
