SPINEXPO™ KEY DIRECTIONS FOR S/S 2025 YARNS

Spinners create novelty knitwear with a focus on ouster and fine gauges.

STARRY SPARKLE

Once solely the reserve of holiday knitwear, metallic and sparkling yarns were the standout novelty yarn of spring, with the new versions in fine-gauge for a stand-alone yarn or to be mixed with a sturdier yarn for a less delicate version.

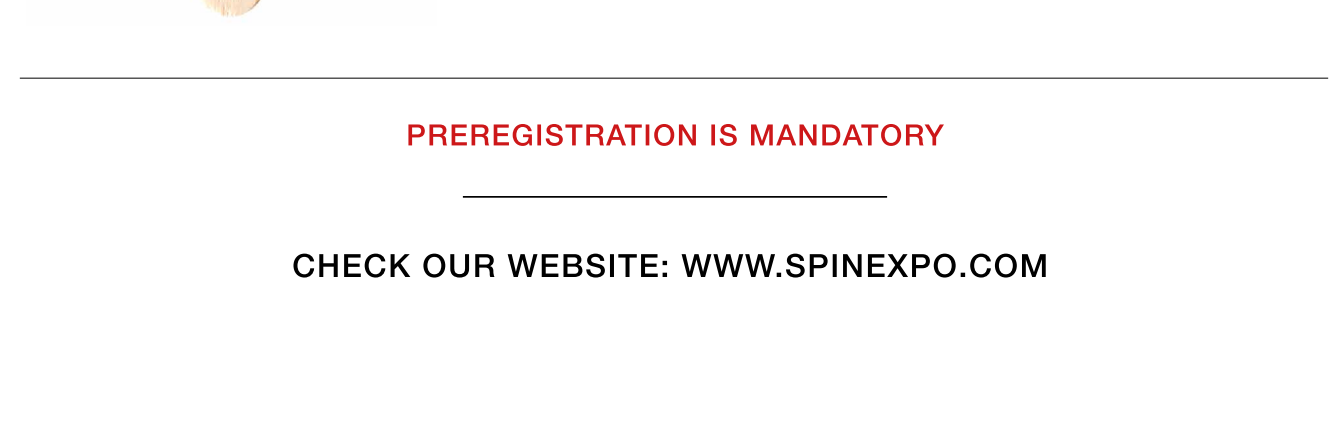

Colours for spring appeared in classic yarns such as ombre space-dyes and flecked two-tone twists.

TWISTED COLOR

While marled yarns have been having a moment in the past few seasons, the spring versions caught our eye as we noticed many mills have embraced a cozy vintage aesthetic by creating marls using just one colour mixed with white, evoking the simple pleasure of peppermint and ice-cream twists.
