TRENDS AT SPINCLUBS

SPINCLUB PARIS will take place in the brand-new Venue Espace 38- next to Place de la Concorde in Centre Paris.

Together with SPINCLUB HONG KONG, it will host 58 textile exhibitors from the spinning and knitwear sectors and introduce a trend area titled:

“THE CABINET OF CURIOSITIES”

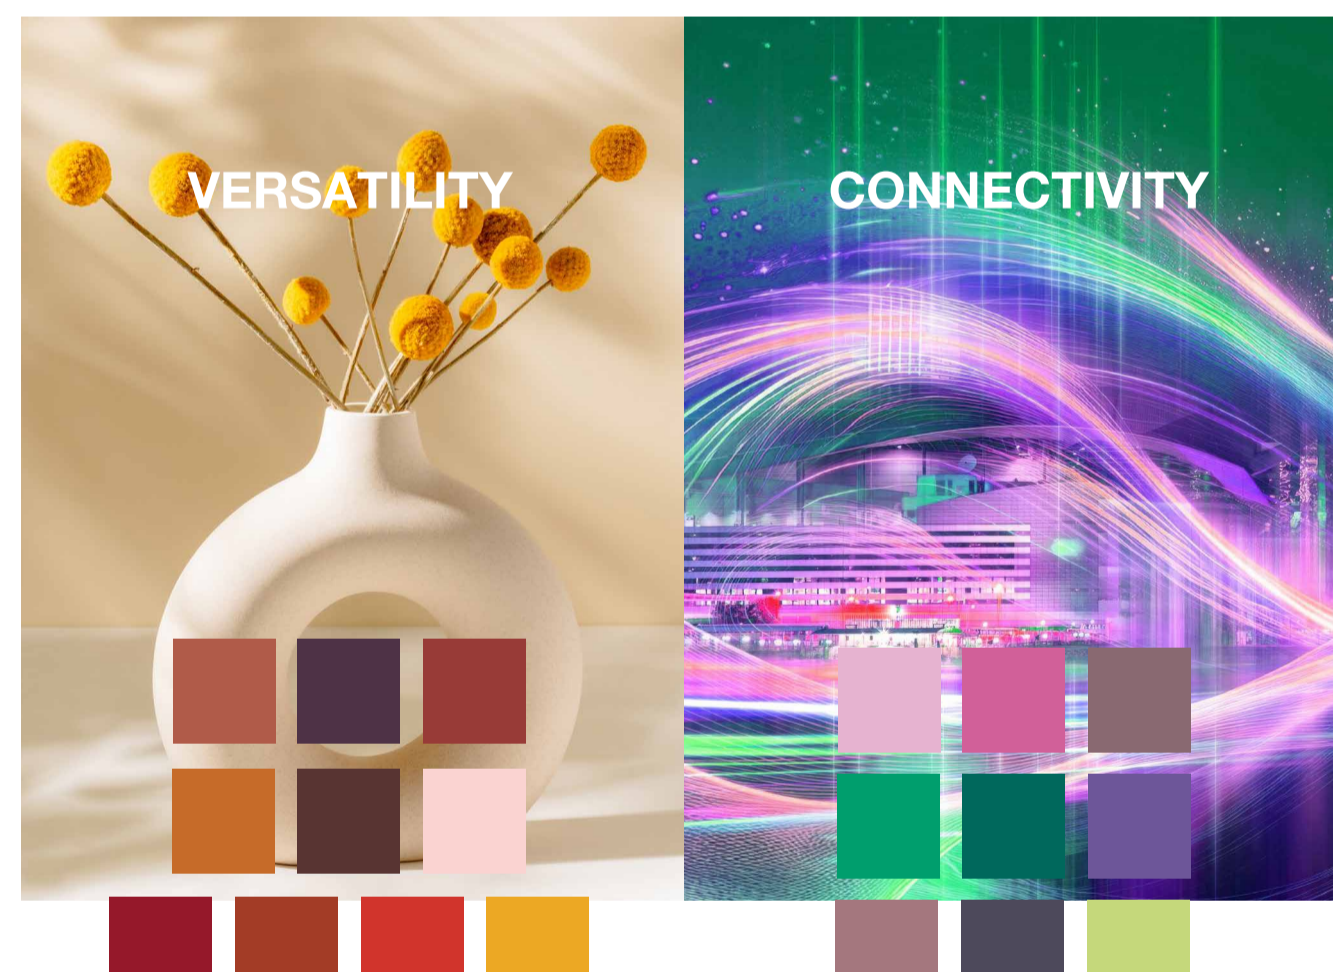

This new trend area will be a multi-dimensional showcase bringing together yarns, textiles technologies, spinners, trend fragments and color exploration into one immersive display.

Each “curiosity” tells a mini-story -whether the origin of the fiber, the mechanics of a new spinning technique or the narrative behind a palette choice.

Around the concept of “Warms versus Colds”, mannequins dressed in works-in-development and objects and half garments, mixed inside the cabinet, to give visitors a tactile, “real-world” glimpse of how a trend concept translate into wearable form.

Although each segment has its own trend-specific colors and stories, the entire display is designed around a unified palette that blends “Warms into Colds”. Visitors will naturally travel along the trend spectrum, picking up both the individual narratives, and the collective trajectory – from “Inclusivity” to “Escapism”, from “Versatility” to “Connectivity”, the four segments of SPINEXPO™ trend directions.
