NEW THIS SEASON:

Faced with a difficult and uncertain political and economic climate, exhibitors are presenting numerous projects and new ideas this season. Initiatives and partnerships are being created, and new collections are being launched.

SPINEXPO™ will preview the M.ORO and YARNS & COLORS joint initiative and their brand-new collection:

“CASHMORIA - A CENTURY IN THE MAKING”

A fusion of passion and heritage.

Where cashmere dreams meet artistry. Two worlds. One legacy.

This is the banner headline for the new line of fancy cashmere created in partnership between M.Oro and Yarns & Colors.

The new collection brings together the exceptional creativity of Yarns & Colors and the outstanding quality of M.Oro's organic cashmere.

Yarns & Colors is a leading knitting yarn and product supplier in the sweater sourcing chain for global brands and one of the most creative spinning mills around, focusing on product innovation and technological progress applied to product development, as well as green fashion. The spinning mill develops very exciting collections while meeting the market's expectations when it comes to aesthetics.

M.Oro is a leading cashmere spinning group, whose farms in Otog Banner, in the heart of Ordos, Inner Mongolia, are home to Albas velvet goats, bred in pastures that rigorously avoid the use of chemicals and genetically modified products to minimise pollution of the surrounding environment.

This new line is sure to be an unmissable event in fancy cashmere spinner circles.
