RESULTS SPINCLUB LOS ANGELES

AUTUMN/WINTER 2026-27

15-16 JULY 2025

YARNS – FIBRES – KNITWEAR – KNITTED PRODUCTS

A VERY QUIET SESSION

The second session of SPINEXPO™ Los Angeles was held at the Cooper Design Centre, downtown Los Angeles on July 15 and 16, 2025.

A very quiet session after the excellent New York session the previous week, which brought many questions and a few analyses. The session welcomed 132 visitors from 63 companies in Los Angeles, San Francisco, Seattle and San Diego. Although the quality of the companies we welcomed was excellent, the numbers were disappointing.

Except for Canada, which had warned not to come this year, the very configuration of Los Angeles makes it difficult to get around due to traffic jams. Working from home is commonplace, and we feel it would be preferable to have a show on Wednesday and Thursday, since Tuesday is devoted to corporate presence. It also seems to us that many companies still work through intermediaries and are not used to sourcing directly.

We'll be analyzing the show's appeal in depth, getting closer to buyers to understand how we can energize a future session. We are also taking over more direct promotion in Los Angeles, as well as San Francisco, San Diego and Seattle, and targeting the southern U.S. as well. It is worth noting that all the companies that visited the show do not come to New York, underlining the fact that West USA is a different market than the East Coast New York show.

Below you will find a list of the companies that visited the show, along with the cities in which they are based.

We haven't set a date for the next session and will come back to this when we've assessed what we need to do to boost the number of potential interesting companies to attract to the show.
