# RESULTS SPINCLUB PARIS

AUTUMN/WINTER 2026-27

## 17-18 JUNE 2025

YARNS – FIBRES – KNITWEAR – KNITTED PRODUCTS

### A NEW VENUE "ESPACE 38"

**S**pinclub Paris was held on June 17 & 18, 2025 in a new venue near the Place de la Concorde in Paris. The new venue brought together 57 companies, including 41 spinners and 16 knitwear manufacturers, in an enlarged space that appealed to exhibitors and visitors alike.

The two-day presentation of the Autumn/Winter 2026 collections welcomed 188 visitors, including 113 companies on the first day, 114 visitors, including 60 companies on the second day, and 39 re-entries from 23 companies. Visitors came from 16 countries, including 9 European countries. The total number of visitors was 341, coming from 196 companies.

The overall response from visitors was very positive with most participants sharing their satisfaction with the visitors' quality and the outcome of their meetings. Customers still prefer yarns with soft hand feel, fluffy, voluminous yarns rather than fine twisted ones. Aesthetic appeal is more important than functionality, but sustainability is a must, and clients expect full certification. Buyers came well-prepared and were clear about their needs. Price sensitivity remains high, and clients appear reluctant to work with new knitting partners.

France was the number 1 visiting country for the first time since we host Spinclub Paris, with 62 companies visiting, and a strong presence on day 2. United Kingdom came second in number of companies, with 49 companies. Germany comes third with 18 companies, all major brands, followed by Spain with 11 companies, among which the Inditex Group with most of its divisions. Scandinavia is also important with important textile companies.

Spinclub was pleased to back up the launch of Cashmoria, a joint line of fancy cashmere born from the partnership of Yarns & Colors and M.Oro. Other cooperation between spinners are coming to life and we will feature them in our next Spinclubs. We received good comments on the trend area that was -unfortunately- located in a glass house with strong sun above, which made its visit a bit uncomfortable.

**The next Paris session will be held at the same Venue 3 & 4 February 2026.**

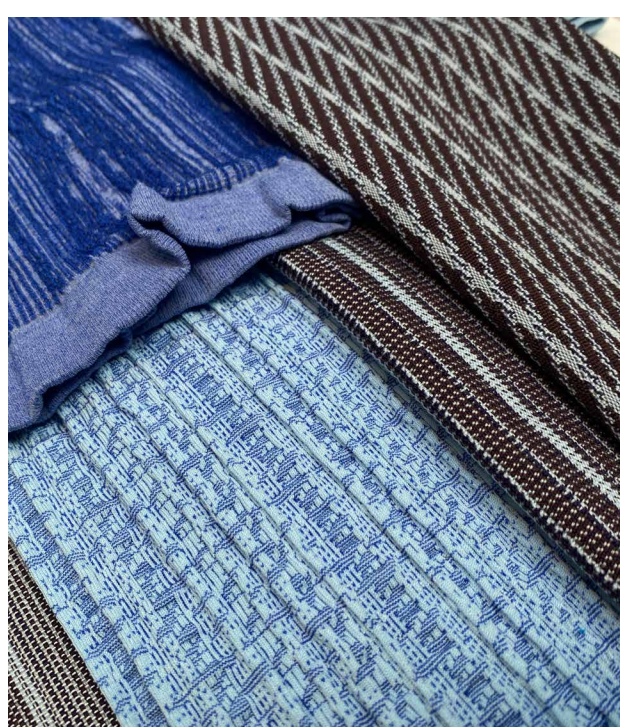

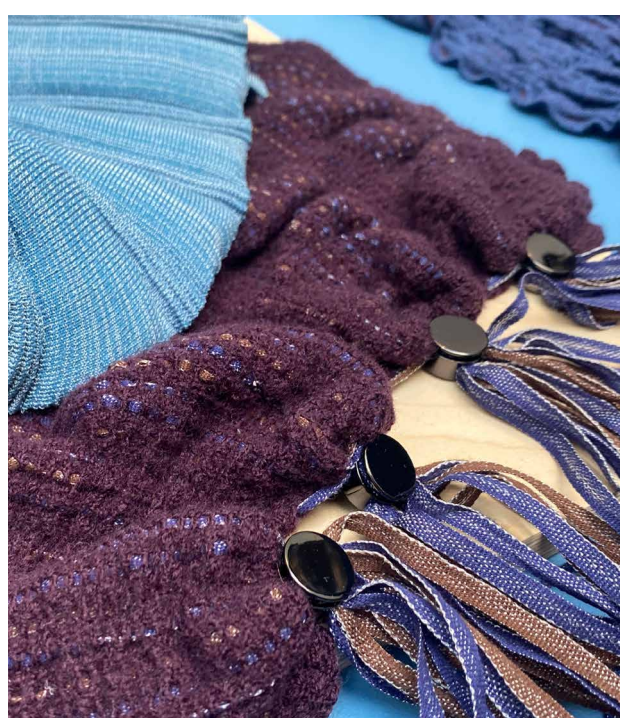

We would like to remind exhibitors that this Venue is surrounded by private apartments building and that the courtyard cannot be used for smoking. If you wish to smoke, you need to go to the street! Thank you in advance.
