SAMWOM ILMO

At SPINCLUB Los Angeles, Samwom Ilmo from South Korea speaks about sustainable wool yarn meeting imagination

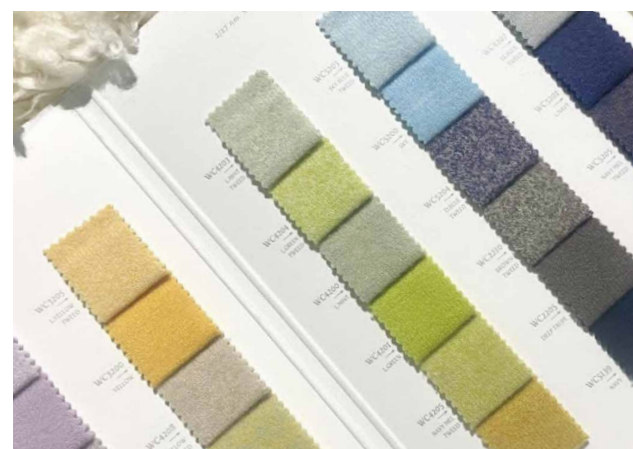

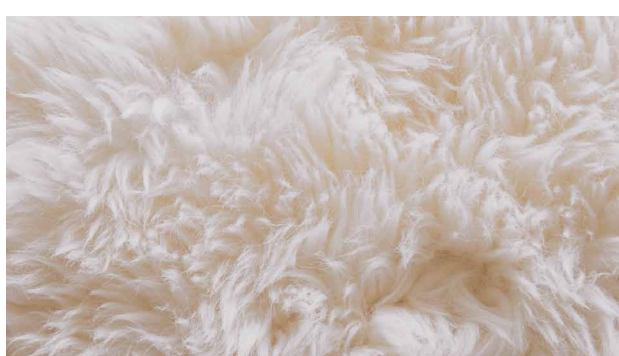

Luxury and sustainability no longer stand apart. With IMAGINATION, they come together—seamlessly.

Crafted for creators, this premium recycled wool yarn pushes the boundaries of design. It's more than just a material; it's a canvas for your vision and a reflection of your brand's values.

Designed to inspire. Built to perform

IMAGINATION is born from over 50 years of spinning expertise at SAMWON ILMO, bringing new life to Datini's meticulously selected recycled wool. It retains all the signature qualities of fine wool—soft loft, featherlight feel, and natural warmth—while offering a modern, eco-conscious twist.

With IMAGINATION, your designs gain both luxurious volume and refined silhouettes. Sustainability no longer means sacrifice; it means more possibility.

A story your customers will believe in

IMAGINATION isn't just yarn. It's proof of purpose.

Every strand begins as discarded clothing, re-engineered into beauty through SAMWON ILMO's innovative processes. Certified by the Global Recycled Standard (GRS), it ensures full transparency, accountability, and authenticity from source to yarn.

"SUSTAINABILITY WOOL YARN — IMAGINATION" gives your collection more than style—it gives it meaning. A statement of responsibility. A message your customers will see, feel, and trust.

"Sustainability isn't a trend. It's the ultimate luxury."
